Payment dates listed above are guidelines of the latest date a payment is due. Payments above the required amount can be made any time prior to due dates.

If you are unable to make a payment due date, you will be required to contact the school to make alternative arrangements. We have an obligation once student numbers are finalised to place deposits and payments to venues, accommodation, flight and transport providers.

Payments can be made directly into our school bank account and we have found setting up a direct deposit on a weekly or fortnightly basis is the best approach. $33 per week following the deposit will have your payments up to date for scheduled due dates. Alternatively, payments can be made by credit card over the counter at school or by cash.
