

Junior House Carnival 2017

Last week the sun came out, with hundreds of junior students taking full advantage of the perfect conditions by testing their fundamental movement skills in a fun and supportive environment. All spectators were impressed at how every competitor tried hard to achieve their personal best in the tabloid events, and demonstrated cooperation in the team games.

Many thanks to the P&C for catering the event and to our groundskeeper Mr Carter along with the administration team for working tirelessly before, during and after the carnival. A big appreciation to Mr Watson, our Principal, and to all the fantastic teachers that assisted in running the event, ensuring every student felt safe and valued. Thanks to Mr Lewington in particular, for his invaluable knowledge and experience that ensured over 60 student helpers felt confident undertaking countless key roles. The Year 6 helpers ought to be congratulated for their dedication as facilitators and role models for the juniors.

Every House was well placed to take the shield prior to lunch. Earth eager to get their name etched back on the shield since the inaugural carnival, Fire cheering the loudest to motivate their team and Sun seeking their third year in a row as champions. As the afternoon drew to a close, it became clear one House had raced ahead to be the 2017 Junior House Carnival champions, congratulations WATER!

Thank you to Earth, Fire and Sun for lifting the Champions and each other to greater heights.

The final results courtesy of Mrs Duffy and Mrs Baxter were as follows:

Position	Points	House
1 st	744	WATER
2 nd	663	FIRE
3 rd	619	EARTH
4 th	617	SUN

Keep active and healthy from Mr G.
